1. Various functions of money, how it has evolved over time
2. Banking systems include private owned commercial banks and government-owned central banks
3. How commercial banks create money by taking deposits and making loans
4. Describe various measures of money supply

11.1 The Nature of Money

Money: A medium of exchange as well as a store of value and as a unit of account

Money as a Medium of Exchange:

Without money there is Barter, the exchange of goods and services; the issue with bartering that there must be a double coincidence of wants.

Thus, money solves this issue, furthermore

- Monet contributes to efficiency of the economic system
- Human freedom and well-being

Money as a Store of Value

- Should be relatively stable over time, when the price level is highly variable, so is the purchasing power of money
