instructional practices Select rich texts and plan for initial close reading lessons Deliver initial and follow up close reading lessons Coordinate comprehension strategies and close reading *Differentiated Literacy Instruction* Sharon Wapole, Michael C. McKenna, Zoi A. Philippakos, John Z. Strong, 2017-07-05 C 2 Template for Assessment Data Compilation Form C 3 Literacy Assessment Correlation Chart Author Index Subject Index **Getting to the Common Core** Sharon L. Spencer, Sandra Vavra, 2015-01-01 The Common Core Standards have recently been adopted in most states across the nation and teachers are in the process of getting to the core of these standards Teaching to standards is not a new concept teachers have adapted to new standards every few years for quite some time And teachers are adaptable as can be seen in this book We are writing this book to demonstrate how teachers use research based strategies to meet Common Core Standards while still focusing on students Our goal is to help teachers visualize students in action as other teachers describe the implementation of research based strategies in their own classrooms show student work samples and provide reflections of student success in achieving the standards Many Common Core Standards books focus on the standards but our approach focuses on strategies that engage the students in the classroom showing how different teachers at varying grade levels have used the strategies to meet the standards With this focus we believe that teachers gain a new and positive perspective on approaching the new standards and see the flexibility of strategies for meeting standards across subject areas We have examined research on the strategies with the purpose of giving teachers a brief description of why these strategies work before giving actual examples from classrooms We also work closely with teachers in the public schools and have our finger on the pulse of what is happening in the public schools one of the current stressors being unpacking the Common Core Standards This book actually focuses on practice We begin by laying out a rationale in our first chapter The Core Values of Education Then each chapter focuses on a strategy including 1 a brief description about the research supporting each strategy and 2 several examples from different grade levels which include a description of how the strategy was used student work samples and a reflection on the use of the strategy The research descriptions are fairly short because while we believe professional educators aka teachers in this case should know the research that supports practice we know they are not typically interested in long diatribes about the research **Bridging Technology and Literacy** Amy Hutchison, Jamie Colwell, 2015-06-18 This book provides a practical understanding of digital literacy and information on integrating digital technology into English Language Arts and literacy instruction at the K 6 grade levels Cross disciplinary connections are also provided to bridge literacy and language arts and other content areas for a more integrated approach to literacy instruction This text not only introduces readers to various types of digital tools and resources but also provides practical approaches for using digital tools in instruction to help students read and write multi modal digital texts Each chapter contains key elements that prompt brainstorming about digital tools connections to the Common Core State Standards in Language Arts and resources for teachers to plan instruction that incorporates digital tools Comprehensive sample lesson plans that are aligned

to the Common Core State Standards and English Language Proficiency Standards are provided throughout the text

Information about digital citizenship digital copyright lesson planning and long range planning is also provided *Strategies for Connecting Content and Language for ELL in Language Arts* Eugenia Mora-Flores,Angelica Machado,2015-01-27 This practical guide provides research based instructional strategies to develop English language learners academic language in language arts Using these strategies teachers can encourage students to make academic language connections through listening speaking reading and writing Digital resources are included with students reproducibles Common Core in the Content Areas Jessica Bennett,2014-03-14 The Common Core is requiring literacy across the curriculum but what does that mean for teachers of subjects like math science and social studies who have a lot of content to cover In this essential book author Jessica Bennett reassures you that you don t have to abandon all of your great content lessons and start from scratch Instead you can reflect on what you re already doing well and make adjustments and enhancements as necessary Bennett starts with a clear breakdown of the Common Core ELA Social Studies History and Science and Technical Subjects Standards for Grades 7 12 and what they actually look like She provides a variety of practical strategies and scaffolds that you can use immediately to enhance your curriculum and meet the standards You will learn how to Incorporate a wider variety of texts into your curriculum Teach students to use each text with purpose whether it is for close reading support argumentation or research Assign meaningful group work and projects without feeling that they have to take up your whole curriculum Help students navigate their textbooks more effectively and read for information Use the Common Core to meet the needs of diverse learners Implement the four As strategy in which students absorb content analyze information argue reasons and apply knowledge Use writing tasks to strengthen student comprehension of content Teach various forms of writing and the importance of text citations And more Throughout the book you ll find tools such as unit planning sheets daily lesson plan sheets classroom handouts sentence starters and more If you teach a content area this must have resource will help you meet the Common Core with ease *The Common Core Companion: Booster Lessons, Grades 3-5* Leslie Blauman,2015-07-14 Skill building through potent instruction day by day In these much anticipated sequels to *The Common Core Companion* Janiel Wagstaff and Leslie Blauman provide a collection of connected lessons and formative writing assessments that bring Monday to Friday clarity to the task of integrating reading and writing with ELA standards In each volume the 50 lessons are divided into five week long learning sequences addressing key literacy goals A best practice glossary If Then charts unit planning calendars and other tools round out these essential references both in book and online Follow each sequence and week by week you ll build the instructional potency to help students achieve a year s worth of growth as you integrate Writing Narratives with Identifying Sensory Words in Text Research with Identifying Topic and Details Opinion Writing with Close Reading for Text Evidence Comparing and Contrasting with Publishing Using Digital Tools Informative Writing with Use of Text Features *Read!
