Freeman, Christine Chinkin, Beate Rudolf, 2012-01-26 This volume is the first comprehensive commentary on the Convention on the Elimination of All Forms of Discrimination against Women and its Optional Protocol The Convention is a key international human rights instrument and the only one exclusively addressed to women It has been described as the United Nations landmark treaty in the struggle for women's rights The Commentary describes the application of the Convention through the work of its monitoring body the Committee on the Elimination of Discrimination against Women It comprises detailed analyses of the Preamble and each article of the Convention and of the Optional Protocol It also includes a separate chapter on the cross cutting substantive issue of violence against women The sources relied on are the treaty language and the general recommendations concluding observations and case law under the Optional Protocol through which the Committee has interpreted and applied the Convention Each chapter is self contained but the Commentary is conceived of as an integral whole The book also includes an Introduction which provides an overview of the Convention and its embedding in the international law of human rights Non-discrimination and Equality in the View of the UN Human Rights Treaty Bodies Wouter Vandenhole, 2005 As part of a larger research project on harmonisation and convergence among UN human rights treaty bodies scrutinises convergence and divergence communality and related issues Focuses on five Committees The Convention on the Elimination of All Forms of Racial Discrimination CERD the Human Rights Committee HRC the International Covenant on Economic Social and Cultural Rights CESCR the Convention on the Elimination of All forms of Discrimination Against Women CEDAW and the Convention on the Rights of the Child CRC International Human Rights Law Olivier De Schutter, 2019-09-12 Fully updated to cover topics such as climate change trade and business activities while retaining the original style and structure Economic, Social and Cultural Rights in International Law Manisuli Ssenyonjo, 2009-07-03 The effective promotion protection and fulfilment of economic social and cultural ESC rights is an important but under explored component of international human rights law of which ESC rights form an essential part They are fundamental to the dignity of every person At the international level ESC rights are protected in several international instruments the most comprehensive being the International Covenant on Economic Social and Cultural Rights the Covenant ratified by a majority of States However claims of violations of ESC rights are treated less seriously This book subjects ESC rights protected in the Covenant to a deeper analysis in light of the practice of the Committee on Economic Social and Cultural Rights while taking into account other relevant sources of ESC rights at national regional and international levels It also analyses key issues relevant to ESC rights with particular emphasis on various themes including State obligations non State actors' obligations women's ESC rights domestic protection of ESC rights and State reservations to ESC rights The book further makes a thorough examination of the rights to work health and

education By so doing it demonstrates that ESC rights are justiciable and must not be marginalised The book also brings together a collection of essential materials on ESC rights needed to understand and analyse the subject Written by an international human rights scholar this timely work will be of value to all those interested in human rights and international law

Human Rights in Crisis Alice Bullard,2017-05-15 This volume expands our understanding of the pursuit of human rights during the era of the War on Terror The threat to human rights both in the United States and among detainees in US governed detention facilities created a widely perceived crisis in human rights This text explores the broad and complicated ramifications of crisis by looking comparatively at societies in the present era and looking back at the historical and legal foundations of human rights Human Rights in Crisis contains an element of hope derived from a conviction that the pursuit of human rights happens on many fronts and in many ways around the globe that a retreat from human rights in the United States does not necessarily signal a global retreat The essays here include perspectives from History Anthropology and Legal Studies with a resulting interdisciplinary portrait of the complexities of pursuing human rights in wartime Migration and Human Rights Ryszard Cholewinski,Paul F. A. Guchteneire,Antoine Pecoud,2009-11-26 Provides an overview of the UN Convention on Migrant Workers Rights including its history content and implementation Australia and Human Rights Caroline Fleay,2020-05-22 The Howard government s term in office in Australia from 1996 to 2007 is often portrayed as one where Australia retreated from its international human rights obligations Throughout this era a range of government policies attracted much criticism for downplaying or ignoring human rights Less attention has been given to the human rights policies of previous Australian governments and the heritage they provided for the Howard government Situating the policies of the Howard government within those of previous Australian governments provides a greater understanding of human rights in Australia This book examines human rights policies in Australia in three key areas human rights in Australia China relations responses to asylum seekers and refugees and engagement with human rights at the United Nations These areas highlight where the Howard government clearly deviated from some of the more positive human rights policies of its predecessors The book also challenges the perception that Australia has a proud history of human rights policy by revealing where the Howard government continued or revived policies of earlier Australian governments that were not consistent with international human rights standards Such an understanding of human rights in Australian policy is imperative for informed analysis and debate on current and future policy trends **Official Records**,2011 **Report of the Committee on the Elimination of Discrimination Against Women** United Nations,United Nations.
