
Ecology Exam 1 Study Guide Questions With Correct Answers.

Ecology Answer - The study of interactions between organisms and their environment

Irritability Answer - Organisms responding to interactions in their environment

Autecology Answer - Study of interactions between an individual and it's environment

Population Answer - All the individuals of the same species living in the same place at the same time

Population ecology Answer - Study of environmental factors that affect population growth , stability or decline

Community Answer - All individuals of all species living in one place at the same time

Community ecology Answer - Study of how different species affect each other in a community

Ecosystem Answer - All the interacting organisms living in an area and their physical environment

Ecosystem ecology Answer - Study of how organisms affect and are affected by their physical environment

Physiological ecology Answer - Study of physiological responses of organisms to environmental factors such as temperature, moisture, light, nutrients etc.

Behavioral ecology Answer - Interested in behavioral aspects of interactions between organisms and environment

Evolutionary ecology Answer - Interested in how organisms have evolved in their interactions with the environment.

Basic science Answer - Accumulation of knowledge for its own sake to help explain the world around us

Applied science Answer - Uses the laws of basic science to solve specific problems

Landscape ecology Answer - Study of human impacts and disturbance on spacial patterns across the landscape
