and Morocco In 1976 the Polisario Front established the Sahrawi Arab Democratic Republic which was not admitted in the UN but won recognition by a few states After multiple peace efforts the conflict reemerged in 2005 as the independence Intifada Today the Polisario Front controls about 20% of Western Sahara At the heart of the conflict lie geopolitical interests and incompatible claims aggravated by the use of military force and decades of mostly unproductive diplomatic maneuvers by international bodies and regional or foreign powers This thorough impartial survey brings together some of the best experts on the Sahara question to provide a broad based analysis of the problem from a range of perspectives Featuring new research the chapters examine the roots of the conflict its dynamics and potential solutions This groundbreaking text also addresses questions of law human rights natural resources from an analytical point of view Contributed by scholars from North Africa Europe and the U S it is an essential contribution to the literature of Middle East and African studies
