(Class – XII)

Case Study 1

One of the settlers of the subject we name in economics moment, Adam Smith, named his maximum influential work – An Enquiry into the Nature and Beget of the Wealth of Nations. What generates the profitable wealth of a nation? What makes international locations rich or poor? These are a number of the central questions of economics. It isn't always that international locations which might be endowed with a bounty of herbal wealth – minerals or timbers or the maximum rich lands – are naturally the richest international locations. In fact, the resource rich Africa and Latin America have a number of the poorest international locations with inside the world, while numerous prosperous international locations have scarcely any herbal wealth. There changed into a time while possession of herbal coffers changed into the maximum crucial consideration however indeed additionally, the resource had to be converted via a product system. The profitable wealth, or well- being, of USA consequently, doesn't inescapably depend at the bare possession of coffers; the factor is how those coffers are used in producing an inflow of product and how, as a consequence, earnings and wealth are generated from that system

The Philosophy of Science and Economics Robert A. Solo, 2016-09-16 The philosophy of science proposes criteria to delineate true science and a theory to explain its progress As a graduate student under the supervision of Lionel Robbins and Karl Popper Solo first challenged the viability of those criteria and that theory in relation to economics and the social sciences Here he explains how the foundations of that philosophy have been eroded through the advent of quantum mechanics and through Kuhn's Structures of Scientific Revolution and demonstrates its irrelevance to a social science that would comprehend social reality and contribute to the formation of social policy He proposes a different mode of perception and different rules for determining the acceptability of statement a different language of discourse and a different structure of organization than presently prevails
